The faculty are gratified in being able to inform the community, that, in addition to the laboratory already attached to the college, arrangements have been made for opening a dental sightnessy, which will go into operation the ensuing seasion, and be conducted on the most liberal principles.

It is designed to extend relief, gratuitously, to all those who are too poor to puy a dentist, by simply defraying the cost of the material used in repairing the teeth.

All operations on the mouth and face will also be performed without charge.

This infirmary, it will be perceived, is a purely charitable institution, extending the same relief to the dental apparatus of all the destitute poor, that medical infirmaries do to diseases of other parts of the body.

It will also add greatly to the practical facilities which the college already furnishes the student, by giving him not only a better opportunity of daily witnessing the various operations, but also of taking part himself, and thus acquiring that practical tact so essential to the skillful dentist.

BOARDING AND DAY SCHOOL FOR YOUNG
LADIES, ALEXANDRIA.

M. RS. MARY L. ELIASON will open a boarding and day school, at her residence, on the
corner of Prince and St. Asaph streets, on Monday,
the 8th of September next, for the instruction of a
limited number of young ladies in the several
branches of a thorough English and French education.

branches of a thorough English and French education.

The English department will be conducted by a
lady who was formerly a teacher in the Albany
Female Academy, and has been for several years
teaching in the family of Mrs. Eliason.

Great pains will be taken to teach well the principles of science, the application of which will require diligent study on the part of the pupil; and in
order to accomplish fully this important object,
teachers of the highest qualifications will be provided
for each department. The French teacher will reside in the family, and the pupils will be taught to
speak accurately, as well as to read and write the
French language.

To those young ladies whose parents desire it, a
course of instruction will be given in Latin, as the
foundation of modern languages.

The government will be parental, and conducted
on Christian principles. Alexandria is admirably
located for an institution of this kind, being retired
and healthy, combining the advantages of town and
country. Members of Congress who have daughters
to educate, will find this institution convenient for
that purpose, as steamboats ply hourly between
Alexandria and Washington city.

The scholastic year will be divided into two sessions, of twenty-two weeks each, commencing on
the 8th of September, and the 8th of February.

Music and drawing at professors' charges, and no other extra charges will be made.

Each young lady must be provided with a silver cup and fork.

As the number of pupils is limited to thirty, it is requested that application for admission be made immediately, either by letter, or personally, to Mrs.

Eliason, at her residence in Alexandria.
